SETTLEMENT AGREEMENT AND RELEASE

This Settlement Agreement and Release (the "Settlement Agreement") is made and entered into by and between William Thompson (the "Plaintiff"), on the one hand, and Todd Spitzer ("Spitzer"), in his official capacity, and the County of Orange (together with Spitzer, the "Defendants"), on the other hand (together, the "Parties" or individually a "Party").

RECITALS

WHEREAS, on February 16, 2021, Plaintiff filed a taxpayer lawsuit entitled *William Thompson v. Todd Spitzer, et al.,* Orange County Superior Court Case No. 30-2021-01184633-CUMC-CXC (the "Action") alleging that Defendants maintained a policy and practice of empowering and encouraging deputy district attorneys ("DDA") to offer negotiated case dispositions in exchange for submission of DNA to the Orange County District Attorney's ("OCDA") private DNA database ("OCDNA"), and seeking injunctive relief to limit the program, to purge DNA samples, to permit individuals to request that their DNA information be removed and expunged, and to meet with counsel prior to providing DNA; declaratory relief that the policies and practices alleged are illegal and current, past, and future waivers are unenforceable, and "restitution" of the fees charged to participants in the DNA program.

WHEREAS, after good faith negotiations, and in order to avoid the substantial expense and inconvenience of further litigation, the Parties now desire to finally settle all claims asserted in the Action, as well as all issues that were raised or could have been raised in the Action related to OCDNA on the terms set forth in this Agreement.

WHEREAS, this Agreement is entered into solely for the purpose of compromise of a disputed claim. Defendants have denied and continue to deny the allegations of the Action. The Parties agree and acknowledge that neither this Agreement nor any act performed hereunder is, or may be deemed, an admission or evidence of the validity or invalidity of any of the allegations of the Action, nor is this Agreement or any act performed hereunder to be construed as an admission or evidence of any wrongdoing, fault, omission, or liability by Defendants.

WHEREAS, the Parties agree that the resolution set forth in this Agreement, which includes certain modifications to OCDNA, is in the best interest of the Parties and the public at large;

NOW THEREFORE, the Parties agree as follows:

SETTLEMENT TERMS

1. Incorporation of Recitals: Each of the Recitals set forth above is incorporated by reference into this Agreement.

2. Written Settlement Agreement: The Parties enter into this Settlement Agreement setting forth the terms of their settlement and other standard terms on which the Parties agree, in full settlement and compromise of the Action.

3. Offense Preclusion: Defendants agree that the following individuals shall not be subject to DNA collection for OCDNA: (a) those charged with only municipal code violations; (b) those charged with only infractions, provided that this exclusion does not apply to offenses originally charged as misdemeanors but subsequently reduced to infractions; (c) those prosecuted as minors in juvenile court; and (d) any combination of subsections (a) through (c).

4. Sunset Provisions for OCDNA Samples Collected on or Before March 25, 2026: Defendants agree that any individual who is or has been charged with only an offense, or combination of offenses, listed on Exhibit A attached hereto and whose DNA was collected for OCDNA on or before March 25, 2026, shall have their DNA profile from that DNA sample collection automatically expunged from OCDNA fifteen (15) years after the date of collection. The fifteen (15) year period starts on the date of collection. Defendants further agree that physical destruction of the biological sample underlying the expunged DNA profile shall occur within six (6) months of expungement of the DNA profile. Exhibit A is expressly incorporated and made part of the terms of this Settlement Agreement.

5. Sunset Provisions for OCDNA Samples Collected After March 25, 2026: Defendants agree that any individual who is or has been charged with only an offense, or combination of offenses, listed on Exhibit B attached hereto and whose DNA is or has been collected for OCDNA after March 25, 2026, shall have their DNA profile from that DNA sample collection automatically expunged from OCDNA fifteen (15) years after the date of collection. The fifteen (15) year period starts on the date of collection. Defendants further agree that physical destruction of the biological sample underlying the expunged DNA profile shall occur within six (6) months of expungement of the DNA profile. Exhibit B is expressly incorporated and made part of the terms of this Settlement Agreement.

6. Expungement: Defendants agree that any individual who is charged with any offense not listed on Exhibit B (or for any combination of offenses where only some, but not all, of the offenses are listed on Exhibit B) and whose DNA is collected for OCDNA becomes eligible to apply for expungement of their DNA profile from OCDNA twenty-five (25) years from the date of DNA collection. Defendants shall expunge the DNA profile upon application, provided that: (a) the individual applies for expungement through the OCDA website; (b) the individual has had no arrests or convictions since the individual's DNA was collected for OCDNA; and (c) the individual's DNA profile in OCDNA has not "Matched" with a crime scene DNA profile. The term "Match" as used herein means that the individual's DNA profile and the crime scene DNA profile were linked in accordance with OCDA protocol(s) that rely upon practices generally accepted within the forensic DNA scientific community. Defendants further agree that physical destruction of the biological sample underlying the DNA profile shall occur within six (6) months of expungement of the DNA profile. Defendants shall make the application for expungement available in an easily accessible location on OCDA's website within sixty (60) days of the Effective Date (defined below) of this Settlement Agreement.

7. Open Offer Period: Defendants agree that any offer for a negotiated case disposition involving the submission of DNA to OCDNA shall remain open for thirty (30) days from the date the offer is made, or until the start of trial, whichever is earlier, subject to the court's approval to continue the case during that time.

8. Transparency: Defendants shall make publicly available the following anonymized data concerning OCDNA: (a) the initial charges that preceded a negotiated case disposition involving the submission of DNA to OCDNA; (b) whether an individual's DNA was subsequently Matched; (c) whether the Match preceded the filing of charges against the individual whose DNA was matched; and (d) how long the individual's DNA was in OCDNA before the Match occurred. Defendants shall also make publicly available the following on an aggregate basis: (a) the number of requests for expungement received; (b) the number of DNA profiles expunged pursuant to Section 4 herein; (c) the number of DNA profiles expunged pursuant to Section 5 herein; (d) the number of DNA profiles expunged pursuant to Section 6 herein; and (e) the number of DNA samples destroyed pursuant to Section 4, Section 5, or Section 6 herein. Defendants shall update this information annually.

9. Familial Searching: Defendants shall not conduct familial or customized searches to determine if a familial relationship exists between a crime scene DNA profile and other DNA profiles contained within OCDNA unless the underlying offense is a major crime of a serious and/or violent nature or, in the interests of justice, a search may be conducted (a) to identify the body or remains of an unknown person or (b) to identify an incapacitated person who appears to be the victim of a serious and/or violent crime and is unable to assist in his or her own identification. When conducting a familial search, Defendants shall follow procedures that are consistent with page 3, paragraphs 1-9, of the California DOJ Memorandum of Understanding on the DOJ Familial Searching Protocol (DOJ FSC Version 060719). Defendants shall amend the Customized Search Protocols, which govern the use of familial or customized searches within OCDNA, to delete Section III.1.c therein.

10. Blind Charging: Defendants agree that, prior to a DDA's decision to charge an individual with an offense, Defendants shall not provide or otherwise make available any information to the DDA that would inform the DDA whether the individual considered for the charge previously provided a DNA sample for OCDNA.

11. DNA Offer Notice: Defendants agree to provide the DNA Offer Notice set forth in Exhibit C to: (a) every individual not represented by counsel who will be offered a negotiated case disposition involving the submission of DNA to OCDNA; and (b) counsel for every individual represented by counsel who will be offered a negotiated case disposition involving the submission of DNA to OCDNA. Exhibit C is expressly incorporated and made part of the terms of this Settlement Agreement.

12. Procedures for Unrepresented Individuals: Defendants agree that, before any DDA offers a negotiated case disposition involving the submission of DNA to OCDNA to any individual who is not represented by counsel, the DDA shall first:

    (a) Orally inform the individual that they may: (i) request representation by the public defender that day and, if the public defender is able to confer with the DDA and proceed with case disposition, accept the offer with counsel present that day; (ii) seek representation by private counsel before deciding whether to accept the offer; or (iii) continue to represent themselves in accepting the offer, subject to the court's approval of the case disposition;

    (b) Orally inform the individual that the forthcoming offer will remain open for the earlier of thirty (30) days or the start of trial, consistent with Section 7 herein, subject to the court's approval to continue the case during that time; and

    (c) Provide the individual with the DNA Offer Notice set forth in Exhibit C.

13. Amendment of Governing Documents: Within one-hundred eighty (180) days of the Effective Date (defined below) of this Settlement Agreement, Defendants shall amend any documents that they contend govern or are necessary for implementation, maintenance, or execution of OCDNA, including any guidance, training, or policy documentation, to reflect the terms set forth in this Settlement Agreement, only to the extent such documents include language inconsistent with or do not contain language material to implementing, the terms of this Settlement Agreement. Defendants shall not be required to revise documents that are neutral, silent, or unrelated to the matters addressed in this Settlement Agreement. Defendants shall likewise amend their OCDNA training practices to ensure that DDAs are trained consistent with the terms set forth in this Settlement Agreement.

14. Compliance with Settlement Agreement: Defendants shall retain sufficient documentation to demonstrate full compliance with this Settlement Agreement.

15. Specific Release: In further consideration of the terms set forth in this Settlement Agreement, Plaintiff irrevocably and unconditionally waives, releases, and discharges Defendants from any and all claims related to OCDNA and the allegations of the Action, whether known or unknown, that could have been made or were made in this Action or come to be known later.

16. Civil Code Section 1542 Waiver: Upon advice of legal counsel, each Party knowingly and voluntarily waives and relinquishes against the other all rights under California Civil Code Section 1542, which provides as follows:

    "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING

THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY."

Notwithstanding the above paragraph, the Parties, and each of them, hereby make an express waiver of the provisions of section 1542 of the Civil Code of California, and acknowledge that they are aware that claims or facts in addition to or different from those which are known or believed to exist with respect to the specific matters mentioned herein, may be discovered hereafter, and that their intention is to fully and forever settle and release all such matters, claims, or disputes related to OCDNA and the allegations of the Action.

17. No Release for Obligations Under Settlement Agreement: Neither this Settlement Agreement nor any of its terms and provisions shall be construed as a release or waiver of any claims arising out of the obligations set forth in this Settlement Agreement.

18. Joint Press Statement: The Parties shall limit any affirmative press releases to the news media to the joint statement attached as Exhibit D. However, the Parties are free to respond to media requests and speak publicly about the terms of this Settlement Agreement, without limitation. The terms of this Settlement Agreement are not confidential and may be disseminated.

19. Attorney Fees and Costs: The Parties agree to separately negotiate any attorney fees owed to Plaintiff. If the Parties are able to reach agreement, they will jointly file a notice stating that an agreement as to attorney fees has been reached ("Notice of Agreement as to Attorney Fees"). In the event that the Parties cannot reach agreement, Plaintiff may file a motion for attorney fees in the trial court ("Motion for Attorney Fees"). Any Motion for Attorney Fees must be filed sixty (60) days from the Effective Date. Defendants shall bear their own fees and costs.

20. Continuing Jurisdiction: The Parties agree that the Court shall retain jurisdiction over the Parties under California Code of Civil Procedure § 664.6 to enforce this Settlement Agreement while the parties aim to resolve whether Plaintiff is owed any attorney fees, pursuant to Section 19.

21. Dismissal of Action: Within five (5) days of the filing of the Notice of Agreement as to Attorney Fees or final disposition of the Motion for Attorney Fees, whichever comes first, Plaintiff shall file a Request for Dismissal of the entire Action with prejudice.

22. Scope of Settlement Agreement: All rights and remedies arising under this Settlement Agreement are exclusively as stated herein and shall apply only prospectively.

23. Cessation of DNA Collection: If Defendants cease or have ceased collecting DNA samples for OCDNA, Section 10 and the provisions of Section 13 relating to DNA collection shall be inoperative for the duration of that cessation. More specifically as it relates to Section 13,

Defendants shall not be required to amend any documents or OCDNA training practices to reflect the terms of this Settlement Agreement related to DNA collection. For clarity, cessation of DNA collection alters Defendants' obligations under Section 13 only as to DNA collection, and does not alter Defendants' obligations under Section 13 as to anything else required or prohibited by this Settlement Agreement. These obligations will remain suspended unless and until DNA collection resumes.

24. No Admission of Liability: The Parties hereto understand and agree that this Settlement Agreement is a compromise of disputed claims, and that no Party's actions under this Settlement Agreement shall be construed as an admission of liability.

25. No Representations Other Than in Settlement Agreement: Each of the Parties acknowledges that none of them have made any representation or promise that has influenced them in entering into this Settlement Agreement, other than those contained in this Settlement Agreement.

26. Neutral Interpretation: No provision of this Settlement Agreement shall be construed against any Party on the grounds that one of the Parties or its counsel drafted the provision. The language of this Settlement Agreement shall be construed as a whole, according to its fair meaning, and not strictly for or against any of the Parties.

27. Entire Agreement/Amendment: This Settlement Agreement contains the entire agreement among the Parties hereto, and supersedes any and all prior and written agreements among them relating to the Action. The terms and conditions of this Settlement Agreement may be amended only by the mutual written agreement of all Parties. Further, none of the Parties to this Agreement shall be bound by any representations, warranties, promises, statements, or information unless expressly set forth herein.

28. Successors and Assigns: The terms and conditions of this Settlement Agreement shall be binding upon, and inure to the benefit of and be enforceable by, the Parties hereto and their respective agents, employees, contractors, successors, assigns, heirs, and other legal representatives.

29. No Consent: To the Parties' knowledge and belief, except as expressly provided herein, no consent, authorization, action, approval of, notice to, filing with, waiver, or exemption by any person or entity which has not been obtained, including, without limitation, any governmental, public, or self-regulatory body or authority, is required in connection with the execution, delivery, and performance of this Settlement Agreement or consummation of the transactions contemplated by the Parties.

30. No Violation of Law or Agreement: Each of the Parties agrees and represents that the execution, delivery, and performance of this Settlement Agreement by the Parties does not, and will not, conflict with, violate, result in a breach of, or cause a default under (a) any

applicable provision of any federal, state, or local law or regulation, (b) any provision of any order, arbitration award, judgment, or decree, or (c) any provision of any agreement or instrument applicable to the Parties.

31. No Waiver: The failure of a Party to insist upon strict performance of any provision of this Settlement Agreement shall not be deemed a waiver of such Party's rights or remedies or a waiver by such Party of any default by another Party in the performance or compliance of any of the terms of this Settlement Agreement. In addition, the waiver by one Party of any breach of this Settlement Agreement by another Party shall not be deemed a waiver of any other prior or subsequent breach of this Settlement Agreement.

32. Enforceability: This Settlement Agreement is intended by the Parties to be a settlement agreement binding and enforceable by the Parties. In the event of a dispute arising out of the effect or enforcement of this Settlement Agreement, the prevailing party will be entitled to recover reasonable attorney fees and costs as allowable by law. Determination of whether such fees and costs will be allowed and if they were reasonable and incurred, as well as the appropriate apportionment of any such fees and costs, shall be left to the sole discretion of the courts or any arbitrator appointed upon the agreement of the Parties. In the event of a dispute arising out of the effect or enforcement of this Settlement Agreement that the Parties do not agree should be handled by an arbitrator, the Parties agree that they are subject to the jurisdiction of the Superior Court for the County of Orange for purposes of resolving the dispute. The Parties shall meet and confer to attempt to resolve any dispute prior to seeking court intervention.

33. Severability: If any term or provision of this Settlement Agreement or the application of any term or provision of this Settlement Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remainder of this Settlement Agreement or application of this Settlement Agreement to other situations shall remain in full force and effect unless amended or modified by mutual consent of the Parties.

34. Applicable Law: The terms of this Settlement Agreement are governed by and construed in accordance with the laws of the State of California.

35. Execution in Counterparts: This Settlement Agreement may be executed in counterparts. A copy of the executed counterpart sent via electronic signature, facsimile, or email shall have the same effect as an original.

36. Authority: Each signatory of this Settlement Agreement represents and warrants that he or she is authorized to execute this Settlement in his or her official capacity on behalf of the Party to this Settlement Agreement for which he or she is signing and that this Settlement Agreement is binding on the principal represented by that signatory. This Agreement is freely and voluntarily entered into and executed by each Party after having been advised by counsel.

37. Effective Date: The Agreement shall become effective upon the date this Settlement Agreement is fully executed by the Parties.

EXECUTED this 24th day of September, 2026, at Irvine, CA.

DNA Offer Notice

This form will provide you with important information about the District Attorney's ("DA") offer relating to collection of your DNA for the DA's DNA database. **Please read it.**

Use of your DNA: Once your DNA is collected, your DNA profile will be added to the DA's DNA Database. Your DNA profile will be searched regularly, including up to multiple times per day, against other DNA profiles in any local, state, national, and/or international law enforcement databases, meaning that your DNA will be compared to DNA found at unsolved crime scenes. If your DNA profile matches DNA found at a crime scene, a match will be generated, and law enforcement will be notified.

Your family: The DA is also permitted to use familial searching when it runs unsolved crime scene DNA against the database. This means that your DNA could identify a family member as an investigative lead to an unsolved crime, if your family member's DNA is left at a crime scene.

Risk of false implication: Making your DNA available in a law enforcement database carries some risk that you or your family member could be falsely accused of a crime that you or they did not commit, although there are no known instances of this happening with regard to the DA's DNA database. At the same time, your DNA can also serve an important protective role—it may help exonerate you if you are ever falsely accused of a crime where DNA was found.

Changes in DNA technology: DNA technology is constantly changing. Future advancements may expand how the DA analyzes and uses your DNA, and it is difficult to predict what that might look like down the road, although your DNA will only be used to assist in identifying criminal offenders, missing persons and unidentified human remains.

Speaking with counsel: An attorney representing you is in the best position to explain the DA's offer to you.

The offer will remain open for 30 days, and you may take up to 30 days to consider it and consult an attorney about it, subject to the court's approval to continue your case during that time.

Removal of your DNA: 25 years from now, you have a right to have your DNA permanently removed from the DA's DNA database. The DA will automatically remove your DNA as long as (1) you apply for its removal, (2) you have not been arrested or convicted of any crime since the date of your DNA sample collection, and (3) your DNA profile has not matched to any other profile in the DA's DNA database. The form to request removal is available on the DA's website.

DNA collection fee: There is a fee associated with collection of your DNA.

Acknowledgement: By signing below, I acknowledge that I have read and understand this DNA Offer Notice.

Name_____

Signature_____ Date_____

Deputy DA (for pro per defendants only): I confirm that I provided this document to the defendant and addressed any questions the defendant had.

Exhibit D:
Joint Press Release

OCDA Todd Spitzer and taxpayer Plaintiff Professor William Thompson announce the settlement of *Thompson v. Spitzer*, a case concerning the OCDA's DNA collection program. The main provisions of the settlement include:

1. Modifications of the procedures applicable to plea offers to misdemeanants when the DA seeks a DNA sample for its program.

2. The removal of some DNA samples from the system.

3. The creation of a procedure for misdemeanants to obtain the expungement of their DNA samples from the system.

4. Clarification of some aspects of familial searching using the DA's DNA database.

5. Additional disclosures to the public about the operation of the DA's DNA system.

The terms of the settlement agreement are public.

Professor Thompson was represented by O'Melveny and the Defending Democracy Clinic at University of California, Irvine, School of Law. District Attorney Spitzer was represented by the County Counsel's Office.
